### **Toward Q2 Workshop with Paul Lucas MP Acting Premier**

On Tuesday evening, Councillors Creed, Brushe, Butler, Chapman, Hanson and Sellers attended the Q2 workshop hosted by the Paul Lucas MP. The Queensland Government was interested in the ideas of Queenslanders about Climate Change, the Economy, the Environment, our Lifestyle, Health and Education. The 2020 Vision for Tomorrow's Queensland is centred on five ambitions: Strong; Green; Smart; Healthy; and Fair.

***If we work together – as individuals, as communities and as a state – we will find solutions to the big challenges.***
