

Mayoral Minute
5th October 2010

Our Gladstone Regional Council staff member, Milton Brown passed away unexpectedly on Tuesday the 28th September 2010, aged 54 years. Milton commenced work with the Gladstone Regional Council in November 2009, and was a dedicated Local Laws Officer who brought a lot of knowledge to the team and will be sadly missed by all. Prior to working with the Council, Milton spent a number of years in the Australian Air Force, and also worked with the Australian Protective Service. Milton had a love of flying and spent a lot of his spare time studying and practising for his pilot's licence. He was to sit the examination this week. Milton's other love was his Cessna plane which he often spoke very passionately about to anyone who would listen. Milton is survived by his wife Therese and son Daniel and we offer our continuing support to them during this tragic time.
